

AGGAGC

The image displays a stylized DNA sequence logo for the sequence AGGAGC. The letters are rendered in a bold, sans-serif font with the following color scheme: the first 'A' is green, the first 'G' is orange, the second 'G' is orange, the second 'A' is green, the 'G' at the fifth position is red, and the 'C' is blue. The 'G' at the fifth position is partially obscured by a blue 'C' and an orange 'G' positioned below it, suggesting a complex or overlapping structure.
